Built for Interiors Designed for Growth

“A complete SaaS solution for project management, finance and growth of interior and construction firms”

www.zygn.app

Why Zygn ?

Zygn enables interior and construction firms to increase productivity by up to 35%, save 18 – 20 hours per employee every week and drive revenue growth by 30%. Through a single unified platform, it streamlines every process from lead capture to project handover.

End-to-End Control → Manage everything in one platform - leads, projects, finance and handovers.

Smarter Decision-Making → Real-time dashboards and insights for project profitability and growth.

Seamless Collaboration → Keep every department connected - design, procurement, accounts and site teams.

Financial Clarity → GST-ready invoicing, expense tracking and accurate P&L reports.

Faster Growth → Integrated WhatsApp and Meta lead management ensures no opportunity is missed.

Tailored for Interiors → Features crafted specifically for the way your industry works not a “one-size-fits-all” tool.

Time & Cost Savings → Reduce manual work, avoid errors and deliver projects on time and within budget.

Our Amazing Features

Zygn is more than a software, it’s your growth engine. From streamlining operations to driving smarter decisions, Zygn empowers you to run your business with clarity, speed and control. Start today and see how effortlessly your chaos turns into clarity.
